Remodelers Council Bowling Bash

2016 brings our 23rd Annual Remodelers Council Bowling Bash & Silent Auction. Through this event we have raised tens of thousands of dollars for the Women's Housing Coalition and other charitable Organizations. This year we are proud to continue our work with the WHC and our second recipient Heading Home.

The Women's Housing Coalition, a nonprofit organization, assists homeless and low-income mothers who are motivated to become self-sufficient. For up to two years the participants of this program have access to affordable housing, training, and work or school. This is a vital lifeline for overcoming obstacles for these mothers and young children, around 85% of who are victims of domestic violence.

The Albuquerque Heading Home collaboration brings about measurable and lasting change through our community's efforts to end chronic homelessness. Each agency's strengths and expertise combine together to create permanent housing solutions for our most vulnerable neighbors.

An event highlight is our Silent Auction. Quality donations such as (but not limited to!) products & services, gift certificates, game & event tickets, vacation getaways, and children's items make it possible to raise the money to give back to our community. We'd love to have you and /or your business be a part of our event to make it a huge success. You are encouraged to supply business cards that we will display with your auction item(s).

Our 23rd annual event is Saturday October 29th at Holiday Bowl and is an excellent opportunity to help local nonprofit organizations make a difference in so many lives. Contact Jill at HBA for more information 344-3294 or jkrogman@hbacnm.com.
